Emerald Salon

The brand you already have, finished. A real half-moon blackjack table under a warm lamp: gold rail, printed felt, and the players seated around the curve the way they sit in a casino.

PALETTE

Felt	Felt edge	Gold rail	Ivory	Dock

TYPE

- Instrument Serif italic for the table name: the "salon" voice
- Space Mono for every number: totals, chips, balance
- Sora for buttons and names

WHAT CHANGES

- Seats follow the table's curve instead of a 2×2 grid. Maya and Priya sit high, Jordan and Sam low, you at the bottom centre
- A turn-order strip replaces the progress bar: who has played, whose turn it is, a 14s timer
- Your bet sits as a chip stack in a betting circle on the felt
- The coach tip becomes one line on the felt instead of a card that pushes the buttons down
- DOUBLE glows when it is the recommended play, and each small button says what it costs
