THE SEAT · SCREEN GUIDE

Android · 1080 × 2340 px (384 × 832 dp) · gesture navigation

One round, ten screens

Every phase the game has (Betting, Insurance, other seats, your turn, dealer, settlement), drawn in the chosen design, plus the big moments: double, split, blackjack and bust.

1. **Place your bet.** Casino chips $25–$500 (Bronze table limits), CLEAR and DEAL. Every seat's chips sit in its ring.
2. **Insurance offered.** Dealer shows an Ace. INSURE / NO THANKS, with the coach's advice.
3. **Maya is playing.** The acting seat is lit and its pill turns gold. A card flies from the shoe, and quick chat fills the wait.
4. **Your turn.** Timer bar, DOUBLE / SPLIT / SURRENDER with costs, STAND / HIT.
5. **Double down.** The extra card is dealt sideways, as at a real table, and your bet becomes two stacks.
6. **Split.** Two hands side by side. The active one glows, with "hand 1 of 2" on the timer.
7. **Dealer is playing.** Hole card turned (16). The dealer draws, and the rule is shown under it.
8. **Round result.** Dealer busts, you take the table sweep. Every seat shows its win or loss.
9. **Blackjack.** Gold ribbon and the 3-to-2 payout shown up front. Your hand stands, and you collect at settlement.
10. **Busted.** Cards dim, your chip slides into the sweep pot, and the coach explains the odds.

THE SEAT · DESIGN-RULE CHECK

Measured automatically on all 10 screens: 802 text runs, 60 tap targets

Checked against the app's rules

1. **Text floor 12.** AppText.caption: "nothing below 12". Smallest text now 12. It was 7.5.
2. **Button labels.** HIT / STAND 20 (as shipped), DOUBLE / SPLIT / SURRENDER 15, sub-labels 12.
3. **Touch targets ≥ 48 dp.** Theme.MinTarget. All 60 controls pass. The header icons were 40, the side buttons 46, the chat chips 34.
4. **Contrast ≥ 4.5:1.** The felt now uses the app's Theme.Felt #175943. Ivory 7.0, gold 5.0. Wins and losses sit on dark pills. 0 failures.
5. **Cards.** Dealer 66 (today), you 88 (1.33×, under the 1.4× cap), other seats 42–46 (today 42). Ranks 14–22.
6. **Fonts.** Sora for UI and cards, Instrument Serif italic for headings, Space Mono for numbers. Cinzel only for print on the felt.
7. **Labels.** Sentence case as in en.json ("Your turn", "Place your bet"). Button captions stay in caps like the app.
8. **Tokens.** Radius 12 / 24 / pill. Spacing on the 4 / 8 rhythm.
